

MH220 GAMING HEADSET

The MH220 is a professional RGB Flow gaming headset with 50mm neodymium drivers for powerful bass and clear high sounds. It includes a split audio adapter that allows you to easily connect your headset to your PC.

NOTES

- The MH220 USB port allows the headset to use its RGB system. Connect it to turn the light on.
- The 1-2 adapter allows you to connect your headset to your PC. Use the single jack connector to use the MH220 with the rest of compatible devices.
