## GAMING MOUSE

The MMEX is an RGB Chroma gaming mouse with ultra-light AIR structure, designed to offer maximum speed and accuracy in your games. It has 7 programmable buttons to customize your experience and a full lighting control feature.

It is also equipped with an extra button located on the bottom side of the mouse, perfect to change between lighting effects. You can also assign different features thanks to the special software of the MMEX available in our website.

Download our software from [www.marsgaming.eu](http://www.marsgaming.eu) and check our website for further information about the MMEX
